~~AMERICAN INTERVENTIONISTS~~ USE TOXIC AGENTS IN KOREA
(TASS dispatch of 28 Dec., 1951, from Peking).

According to a dispatch from the Korean front by a correspondent of the Hsin-hua Agency, a USA F-80 fighter dropped on 17 Dec., 1951, a chemical bomb on the positions occupied by the Korean People's Army west of Yonch'on. After the bomb had exploded, white smoke spread for 30 min. The victims of poisoning exhibited the following symptoms: dizziness, vomiting, and a high temperature.
